Notice: The code valid time for 6 hours and only can
be used once.

The image displays two sequential screenshots of a mobile application interface for adding a temporary code.

Left Screenshot: The screen is titled "Add temporary code" with a back arrow on the left and "Log reco..." on the right. Under the "Code type" section, there are two buttons: "Cyclicity" and "Once", with "Once" being the selected option. Below this is a "Code name" field with the placeholder text "Please input". At the bottom, there is a green button labeled "Save offline code" and a note stating "valid for 6 hours and can only be used once".

Right Screenshot: This screen shows the same "Add temporary code" interface, but the "Code name" field is now populated with the code "0359538681". Below the code field, the text "valid for 6 hours and can only be used once" is displayed. There are two buttons at the bottom: a green "Done" button and a light green "Share" button.
